**Fondazione Culturale  
Panathlon International  
Domenico Chiesa**

## Become « Friends of the Foundation »

### Why make a donation?

The main purpose of **Panathlon International** is to establish the ideal underlying sports and the moral and cultural values thereof, as a tool for training and improving people and of solidarity among men and peoples.

The systematic and continuous actions required from the clubs have the aim of spreading of the conception of sport inspired by the ethics of responsibility, friendship, solidarity and fair play.

**The “Domenico Chiesa Panathlon International Cultural Foundation”** was established with the main aim of implementing the activities of PI through visual art, rewarding works communicating the values of panathletics and Olympism.

For this aim, since 2003 the Foundation organises the *International Graphic Arts Competition* among high-school students and the prize-giving. A anthological exhibition of the works collected during the first 16 years of the competition was held in March 2019 in the Olympic Museum in Lausanne. It can also work in other fields of Visual Arts or through other cultural activities pursuing Panathlon’s aims. In order to do

this, the Foundation is asking for the support of those who, whether Panathletes or not, believe in the importance of defending and circulating ideal values on which civil co-existence is based and that, through sport, can be learnt about and applied, thanks to the passion and freedom characterising it.

### How does one donate?

Everyone sharing the aims of the Foundation and wishing to support it can, personally or on behalf of Clubs or Associations, send donations of any amount, exclusively by means of bank transfers. The donors will be named in a special list \* as “Friends of the Foundation” by donating an amount between 50 and 250 euros, or as “Supporters of the Foundation” if they give more than 250 euros.
