Dear Friends,

in this moment of health crisis which has strongly attached Italy and which is rapidly spreading to the whole of Europe and to the whole world, I would like to express my solidarity and closeness also on behalf of the International Board.

We are going through a very difficult period that does not allow us to follow and play sports, to organize our monthly meetings, to discuss our important issues but we don't have to give up, we will overcome all this as true athletes who think that soon everything will return to normal.

I hope you are not involved in this pandemic and I urge you to implement all forms of prevention recommended by the different countries so that you can start again with new vigour as soon as this invisible threat is overcome.

I am sure we will soon meet to turn my virtual hug into a pleasant meeting.

Sincerely.

Pierre Zappelli
International President
