OBJECTIVE

The 16th September, 2021 webinar/seminar on gender equity in women's professional and amateur cycling, uses the opportunity of the World Championships in Cycle Racing to direct the attention of the public opinion and the UCI on the still remaining stereotypes, mental and structural barriers in the path to gender equity and women's rights in cycling.

The webinar/seminar focusses on 4 themes and aims at creating a platform for and with all stakeholders who insist on action. **Equal rights and equal treatment are claimed in:**

1. Management
2. Economic / Financial
3. Media
4. Respect for women's physical integrity
